STATEMENT OF COMMITMENT TO CHILD SAFETY AND CHILD SAFETY PRINCIPLES

Drouin South Primary School is committed to the safety and wellbeing of all children and young people. This will be the primary focus of our care and decision-making.

“The school's approach to creating and maintaining a child safe school environment is guided by our school philosophy and values. At Drouin South Primary School our vision is *'Learning Together – A community of active thinkers that can achieve their dreams'*. At Drouin South Primary School we know children can struggle to achieve their personal best if they are not safe from abuse.

At Drouin South Primary School our values guide the decisions and behaviours of all members of our school community, including in relation to child safety:

- **We are Respectful** – to ourselves and others – We respect, show understanding, practise acceptance and appreciate ourselves and others.

Drouin South Primary School has zero tolerance for child abuse.

We are committed to providing a child safe environment where children and young people are safe and feel safe, and their voices are heard about decisions that affect their lives. Our child safe policies, procedures, strategies and practices will be inclusive of the needs of all children, particularly Aboriginal and Torres Strait

Every person involved in Drouin South Primary School has a responsibility to understand the important and specific role they play individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make.

POLICY

Strategies to embed a child safe culture

Drouin South Primary School's culture encourages staff, students, parents and the school community to raise, discuss and scrutinise child safety concerns. This makes it more difficult for abuse to occur and remain hidden.

All child safety documents, including this policy, the [Child Safety Code of Conduct](#) the school's [Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures](#), [Identifying and Responding to All Forms of Abuse in Victorian Schools](#) and the [Four Critical Actions for Schools](#) are readily available online and in hard copy from the school office for all staff and students to read at any time.

Child safety is everyone's responsibility. **All school staff** are required to:

- Act in accordance with the school's Child Safety Code of Conduct, which clearly sets out the difference between appropriate and inappropriate behaviour
- Act in accordance with the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures at all times, including following the [Four Critical Actions for Schools](#) where necessary
- Undertake annual guidance and training on child safety
- Act in accordance with their legal obligations, including:
 - Failure to disclose offence (applies to all adults)
 - Duty of care (applies to all school staff)
 - Mandatory reporting obligations (applies to all mandatory reporters, including teachers, principals, registered psychologists, and registered doctors and nurses)
 - Failure to protect offence (applies to a person in a position of authority within the school)

- Reportable conduct obligations (applies to all school staff in reporting conduct to the principal, and applies to the principal in reporting to Employee Conduct Branch)
- Organisational duty of care (applies to the school as an organisation)
- For more information on these obligations, see [Identifying and Responding to All Forms of Abuse in Victorian Schools](#).

As part of Drouin South Primary School's child safe culture, **school leaders** (including the principal) will:

- Consider the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable, when implementing the Child Safe Standards
- Ensure that child safety is a regular agenda item at school leadership meetings and staff meetings
- Encourage and enable staff professional learning and training to build deeper understandings of child safety and prevention of abuse
- Ensure that no one is prohibited or discouraged from reporting an allegation of child abuse to a person external to the school or from making records of any allegation.

As part of Drouin South Primary School's child safe culture, **school mandatory reporting staff** are required to:

- Complete the [Protecting Children – Mandatory reporting and other obligations](#) online module every year – This is a DET requirement and demonstrates a strong commitment to Child Safe Standards.
- Read the school's Child Safety Code of Conduct on induction, and maintain familiarity with that document
- Read the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures on induction, and maintain familiarity with that document
- Read the school's Child Safety Policy (this document) on induction, and maintain familiarity with that document.

As part of Drouin South Primary School's child safe culture, in performing the functions and powers given to them under the *Education and Training Reform Act 2006*, **school councils and school council members** will:

- Ensure that child safety is a regular agenda item at school council meetings [Note that there is no requirement to discuss child safety at every school council meeting, but it is best practice to have child safety on the agenda at some meetings to show that the school is embedding a culture of child safety and school council members are informed and understand the issues]
- Consider the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable, when making decisions regarding the Child Safe Standards
- Undertake annual guidance and training on child safety, such as the [Child Safe Standards School Council Training PowerPoint](#).
- Approve the Child Safety Code of Conduct to the extent that it applies to school council employees and members, and if updated, note the new document in its school council meeting minutes
- When hiring employees, ensure that selection, supervision and management practices are child safe (unless delegated to the principal).
- Discussing Child Safety in classrooms and at school assemblies

School leadership will maintain records of the above processes.

Roles and responsibilities

School leaders will ensure that each person understands their role, responsibilities and behaviour expected in protecting children and young people from abuse and neglect. Staff will comply with the school's Child Safety Code of Conduct, which sets out clearly the difference between appropriate and inappropriate behaviour.

Specific child safety responsibilities:

- The Principal and the Well-Being Team is responsible for reviewing and updating the Child Safety Policy every 3 years.
- The Principal and Well-Being Team is responsible for monitoring the school's compliance with the Child Safety Policy. The school community should approach the Principal if they have any concerns about the school's compliance with the Child Safety Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available.
- Other specific roles and responsibilities are named in Drouin South Primary School's other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and risk assessment register.

Recruitment

Drouin South Primary School follows the Department's Recruitment in Schools guide to ensure child safe recruitment practices, available on the [Department's website](#).

All prospective volunteers are required to comply with our school's Volunteers Policy, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy. All prospective volunteers are encouraged to maintain a valid Working with Children Check.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required.

[NOTE: the Ministerial Order on Child Safe Standards requires schools to ensure that appropriate guidance and training is provided to their staff and school council members "at least annually" on roles and responsibilities for managing the risk of child abuse, child abuse risks in the school environment, and the school's current child safety standards.]

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, and the safety of children with a disability and vulnerable children.

New employees and volunteers will be inducted into the school, including by being referred to the Child Safety Policy (this document), the Child Safety Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures on the school website.

They will also be supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported by school staff to the Principal or Assistant Principal and will be managed in accordance with Drouin South Primary School's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures where required.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to DHHS Child Protection, Victoria Police and/or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

Drouin South Primary School will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, Drouin South Primary School will provide ongoing support for students affected by child abuse.

[The Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures can be found here.](#)

Risk reduction and management

Drouin South Primary School believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes, found in the school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Drouin South Primary School monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in the school's risk assessment register.

Listening to, communicating with and empowering children

Drouin South Primary School has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any

time of need. Students can access information on how to report abuse at the school office or through a teacher/staff member.

When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant's account and take them seriously, check understanding and keep the child (and/or their parents/carers, as appropriate) informed about progress.

The school will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children, including:

- All of our child safety policies and procedures will be available for the students and parents at Drouin South Primary School to read on our [school website](#).
- PROTECT Child Safety posters are displayed across the school
- School newsletters will inform students and the school community about the school's commitment to child safety, and strategies or initiatives that the school is taking to ensure student safety
- The Child Safe Standards are discussed with students in classrooms and at assembly, child safety posters are visible, , child safety policies and procedures are written in child-friendly language, the Four Critical Actions are actively taught to mandatory reporters and other school staff, the whole school is encouraged to contribute to risk assessment and mitigation, the Child Safe Standards are addressed and explained at school council meetings and parent information sessions.

The school will use its health and wellbeing programs to deliver appropriate education to its students about:

- standards of behaviour for students attending the school;
- healthy and respectful relationships (including sexuality);
- resilience; and
- child abuse awareness and prevention.

The school delivers the Respectful Relationships curriculum, sexuality education and e-smart education programs.

Communications

This school is committed to communicating our child safety strategies to the school community through:

- Ensuring that the Child Safety Policy (this document), Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedure are available on the school website.
- Once per term reminders in the school newsletter of our school's commitment to child safety
- Ensuring that child safety is a regular agenda item at school leadership meetings and staff meetings for discussion
- Child safety strategies are discussed during school tours with prospective parents, at parent information sessions, in classrooms, during volunteer induction processes, and/or by placing posters throughout the school.
- New visitors and contractors to the school are introduced to our Child Safety Policy on arrival.

Confidentiality and privacy

This school collects, uses and discloses information about particular children and their families in accordance with Victorian privacy law and other relevant laws. Fair Procedures for Personnel

The safety and well-being of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent and based on evidence.

We record all allegations of abuse and safety concerns using our incident reporting form including investigation updates. All records are securely stored.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone's safety. We have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it and who will have access to it.

Allegations, Concerns and Complaints:

Our school culture aims for all staff and volunteers as well as parents/carers and children to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We are aware that some people from culturally and/or linguistically diverse backgrounds may face

barriers reporting allegations of abuse or that for some communication in English may be a barrier. We will endeavour to be sensitive to these issues and meet people's needs where possible. DSPS has protocols and procedures in place to enable all staff and volunteers as well as parents/carers and children, to raise any allegations of child abuse or child safety concerns.

Our school takes all allegations seriously and has practices in place to investigate thoroughly and quickly. Our staff and volunteers are trained to deal appropriately with allegations. We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour. We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place (see failure to disclose information below).

Fulfilling the role and responsibilities contained in the reporting procedure does not displace of discharge any other obligation to report to DHS/The Police or Child First, if a person reasonably believes that a child is being abused or at risk of abuse.

Staff will consult with the Principal or Acting Principal (if the Principal is away) when making a report. The Principal/Acting Principal will support the staff member through the reporting process. This does not absolve the staff member of their legal obligation to report.

Depending on the severity and urgency of the matter any inappropriate behaviour will be reported through appropriate channels which may include:

- The Department of Health and Human Services (DHHS) – Child Protection
- Victoria Police

Legislative responsibilities - This school takes its legal responsibilities seriously including:

Failure to disclose offence

Reporting child sexual abuse is a community-wide responsibility. All adults (ie persons aged 18 years and over), not just professionals who work with children, have a legal obligation to report to Victoria Police, as soon as practicable to do so, where they form a 'reasonable belief' that a sexual offence has been committed by an adult against a child under the age of 16 by another person aged 18 years or over.

Failure to disclose information to Victoria Police (by calling 000 or local police station) as soon as practicable may amount to a criminal offence unless a person has a 'reasonable excuse' or exemption from doing so.

"Reasonable belief" is not the same as having proof. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

For example, a 'reasonable belief' might be formed when:

- a child states that they have been sexually abused
- a child states that they know someone who has been sexually abused (sometimes the child may be talking about themselves)
- someone who knows a child states that the child has been sexually abused
- professional observations of the child's behaviour or development leads a mandated professional to form a belief that the child has been sexually abused

- signs of sexual abuse leads to a belief that the child has been sexually abused.

“Reasonable excuse” is defined by law and includes (a) fear for the safety of any person including yourself or the potential victim (but not including the alleged perpetrator or an organisation) or (b) where the information has already been disclosed, for example, through a mandatory report to DHHS.

For more information about this reporting obligation, see the Department’s *School Policy and Advisory Guide*: [Failure to disclose offence](#).

Failure to protect offence

This reporting obligation applies to school staff in a position of authority. This can include principals, assistant principals and campus principals. Any staff member in a position of authority who becomes aware that an adult associated with their school (such as an employee, contractor, volunteer or visitor) poses a risk of sexual abuse to a child under their care, authority or supervision, must take all reasonable steps to remove or reduce that risk.

This may include removing the adult (ie persons aged 18 years and over) from working with children pending an investigation and reporting your concerns to Victoria Police.

If a school staff member in a position of authority fails to take reasonable steps in these circumstances, this may amount to a criminal offence.

For more information about this reporting obligation, see the Department’s *School Policy and Advisory Guide*: [Failure to protect offence](#).

Any personnel who are mandatory reporters must comply with their duties.

Child Abuse:

Drouin South Primary School takes all allegations seriously and has practices in place to respond quickly and thoroughly. Such issues can be reported to:

- The Principal
- The Child Safety Officer- Principal
- Teachers at the school.

Our staff have been trained to deal appropriately with allegations, as well as how to support or assist children who disclose child abuse or are otherwise linked to suspected child abuse. In such situations the school will follow actions outlined in the Child Protection Reporting Policy. This policy outlines our clear expectations for all staff and volunteers in making a report about a young person who might be in need of protection.

The DET guide ‘Identifying and Responding to All Forms of Abuse in Victorian Schools’ includes comprehensive, detailed guidance and support for all staff.

First and foremost, we will ensure that children are safe from harm after which we will follow the procedures outlined in this document. This process includes making appropriate reports, following up and ensuring that children and any others involved receive appropriate support. We record all allegations of abuse and safety concerns using the Child Safety Incident Report form. All information is considered confidential and written reports will be held securely.

Any inappropriate behaviour will be reported to DHHS Child Protection/Police/Child FIRST Report depending on the severity and urgency of the matter.

We each have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place (see information about failure to disclose/protect). If an adult has a reasonable belief that an incident has occurred then they must report the incident. Factors contributing to reasonable belief may be:

- A child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves)
- Behaviour consistent with that of an abuse victim, is observed
- Someone else has raised a suspicion of abuse but is unwilling to report it
- Observing suspicious behaviour.

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

Mandatory Reporting

Principals, registered teachers, registered medical practitioners, nurses and all members of the police force are mandatory reporters under the *Children, Youth and Families Act 2005* (Vic).

Mandatory reporters are required by law to make a report to DHHS as soon as practicable if, in the course of practising their profession or carrying out their duties, they form the **reasonable belief** that a child or young person is in need of protection as a result of physical injury, sexual abuse, emotional harm or psychological harm and the child's parents are unable or unwilling to protect the child from that abuse.

A mandatory reporter who fails to comply with this legal obligation may be committing a criminal offence. It is important for all staff at **Drouin South Primary School** to be aware that they are legally obliged to make a mandatory report on each occasion that they form a **reasonable belief** that a child is in need of protection and they must make a mandatory report even if the principal does not share their belief that a report is necessary.

At our school, all mandated school staff must undertake the **Mandatory Reporting and Other Obligations eLearning Module** annually. We also require/encourage **all other staff** to undertake this module, even where they are not mandatory reporters.

For more information about Mandatory Reporting see the Department's *School Policy and Advisory Guide*: [Child Protection – Reporting Obligations](#).

Child in need of protection

Any person can make a report to the Department of Health and Human Services (DHHS) Child Protection (131 278 – 24 hour service) if they believe on reasonable grounds that a child is in need of protection.

The policy of the Department of Education and Training (DET) requires **all staff** who form a reasonable belief that a child is in need of protection to report their concerns to DHHS or Victoria Police, and discuss their concerns with the school leadership team.

For more information about making a report to DHHS, see the Department's *School Policy and Advisory Guide: [Child Protection – Making a Report and Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse.](#)*

At **Drouin South Primary School** we also encourage all staff to make a referral to **DHHS Child FIRST** when they have significant concern for a child's wellbeing but do not believe that the child needs protection. For more information about making a referral to Child FIRST see the *School Policy and Advisory Guide: [Child Protection – Reporting Obligations.](#)*

Reportable Conduct

Our school must notify the Department's Employee Conduct Branch (9637 2594) if we become aware of an allegation of 'reportable conduct'.

There is an allegation of reportable conduct where a person has formed a reasonable belief that there has been:

- a sexual offence, sexual misconduct or physical violence committed against, with or in the presence of a child;
- behaviour causing significant emotional or physical harm to a child; or
- significant neglect of a child, or misconduct involving any of the above.

The Department, through the Employee Conduct Branch, has a legal obligation to inform the Commission for Children and Young People when an allegation of reportable conduct is made.

Our principal must notify the Department's Employee Conduct Branch of any reportable conduct allegations involving current or former teachers, contractors, volunteers (including parents), allied health staff and school council employees.

If school staff become aware of reportable conduct by any person in the above positions, they should notify the school principal immediately. If the allegation relates to the principal, they should notify the Regional Director.

For more information about Reportable Conduct see the Department's *School Policy and Advisory Guide: [Reportable Conduct Scheme.](#)*

RESPONSIBILITY: The Principal is responsible for overseeing and monitoring school compliance with the mandatory policy and procedures.

PRIVACY

Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements (see DSPP Privacy Policy)

Risk Management:

In Victoria, organisations are required to protect children when a risk is identified. In addition to general occupational health and safety risks, DSPP proactively manages risks of abuse to children by removing and reducing these risks and follows the Child Safety Standards.

The school has risk management strategies to identify, assess and take steps to minimise child abuse risks which include risks posed by physical environments and online environments.

The school's risk management includes:

- The Child Safety Code of Conduct – outlines acceptable and unacceptable behaviour with respect to child safety and child abuse. The Child Safety Code of Conduct is publically available.
- Appointing a Child Safety Officer
- Screening as part of the staff recruitment process
- Working With Children checks, Police Record checks, reference checks
- Sign in processes at the school office
- On and off site supervision of children during recess and lunch breaks as well 15 minutes before and after school – staff carry mobile phones
- ICT Acceptable Use Agreement for students
- Teacher supervision of student internet usage
- Protocols to ensure children do not move around the school individually during class time
- Out of bounds areas in the school to ensure that children are not placed at risk
- Staff and volunteer training
- Child safe environments information and awareness for visitors, staff, volunteers and contractors
- Adequate monitoring of visitors, staff, volunteers and contractors
- Refresher training for staff – see eLearning mandatory reporting module

CHILD SAFETY REPORTING PROCEDURES AT DROUIN SOUTH PS

SUPPORTING STUDENTS

For students

- All student should feel safe to speak to any staff member to raise any concerns about their safety or any other concerns that they have.
- If a student does not know who to approach at Drouin South Primary School they should start with their classroom teacher
- Students are also made aware that they can speak with any staff member that they feel comfortable speaking with. This may include another classroom teacher, the school chaplain, a support staff member or the Principal.

Disclosures made by students to any person

If a child discloses abuse to you:

- Try and separate them from the other children discreetly and listen to them carefully.
- Let the child use their own words to explain what has occurred.
- Reassure the child that you take what they are saying seriously, and it is not their fault and that they are doing the right thing.
- Explain to them that this information may need to be shared others, such as with their parent/carer, specific people in your organisation, or the police.
- Do not make promises to the child such as promising not to tell anyone about the incident, except that you will do your best to keep them safe.
- Do not leave the child in a distressed state. If they seem at ease in your company, stay with them.
- Provide them with an incident report form to complete, or complete it together, if you think the child is able to do this.
- As soon as possible after the disclosure, record the information using the child's words and report the disclosure to your Principal or nominee, police or child protection.
- Ensure the disclosure is recorded accurately, and that the record is stored securely.
- If the child agrees, have a second person as a witness present for the report.

- If a student makes a disclosure to any person connected to the school environment, including staff, visitors, volunteers or other community members, the person to whom the disclosure is made must: speak to the principal or a member of the school improvement team (leadership team) that prompt action can be taken which, depending on the disclosure, may involve contacting Victoria Police and/or DHHS (Child Protection) and the DET regional office/SEIL for advice..
- At Drouin South Primary School, the Principal will be responsible for ensuring that there is a prompt response to the disclosure and that the child is appropriately supported.
- If the principal/other nominated staff member responsible above is unavailable, the SEIL may be contacted for advice.

Duty of care and ongoing support for students

- Fulfilling the requirements in this procedure does not displace or discharge any other obligations that arise if a person reasonably believes that a child is at risk of abuse.
- All staff have a duty of care to take reasonable steps to prevent reasonably foreseeable harm to students so it is important that staff take all reasonable steps and that they ensure that the Principal or other appropriate staff member is aware of the concerns that may be the subject of any reports, mandatory or otherwise, so that appropriate supports can be put in place for the student affected both immediately, if required, and until any allegations or concerns are resolved.
- The Chaplain, Well-Being Team coordinator and the Principal will provide extra support to the child who makes or is affected by an allegation of child abuse. The Principal may contact the SSS team for advice and further support.

For staff – mandatory reporting

- All staff at our school should speak to the Principal, member of the leadership team or School Chaplain if they form the **reasonable belief** that a child or young person is in need of protection as a result of physical injury, sexual abuse, emotional harm or psychological harm and the child's parents are unable or unwilling to protect the child from that abuse.
- In circumstances where a principal disagrees that a report needs to be made but the staff member has formed a 'reasonable belief' that the child is in need of protection, the staff member must still contact DHHS Child Protection to make the report.
- If you are a mandatory reporter you have an obligation to ensure that a report has been made in instances where another mandated reporter has undertaken to make the report. This may be done by making the report together.

General procedures

- Our school will follow the *Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse* - https://www.education.vic.gov.au/Documents/about/programs/health/protect/FourCriticalActions_ChildAbuse.pdf.
- All staff at our school who believe that a child is in need of protection, even if it doesn't meet the threshold required for mandatory reporting, should in the first instance, speak to the Principal, member of the leadership team or the School Chaplain or should make the required reports to DHHS and/or Victoria Police as necessary.
- All staff who have made reports, mandatory or otherwise, to any agencies should ensure that they keep a confidential, secure record of the report made including the date, time, person spoken to at the agency and a brief file note of the information discussed. There is a template provided in this policy for use. The Department's reporting template for mandatory reports may also be used. It is available at: https://www.education.vic.gov.au/Documents/about/programs/health/protect/PROTECT_Schooltemplate.pdf
- At our school the Principal will be responsible for monitoring overall school compliance with this procedure.

For school visitors, volunteers and school community members

- All community members aged 18 years or over should be aware of the legal obligations – see *Failure to disclose offence* above, in this Policy.

- Any person can make a report to the Department of Health and Human Services (DHHS) if they believe on reasonable grounds that a child is in need of protection. For contact details see *Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse* - https://www.education.vic.gov.au/Documents/about/programs/health/protect/FourCriticalActions_ChildAbuse.pdf
- There is no requirement for community members to inform the school if they are making a disclosure to the Victoria Police. However, where a community member is concerned about the safety of a child or children at the school, and where disclosure of that concern will not compromise any potential police investigation, the community member should report this concern to the principal so that appropriate steps to support the student can be taken.

FOUR CRITICAL ACTIONS FOR SCHOOLS

Responding to Incidents, Disclosures and Suspicions of Child Abuse

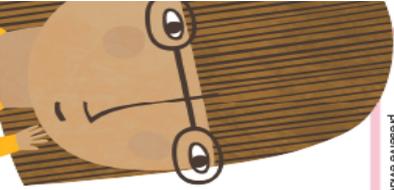

1 RESPONDING TO AN EMERGENCY

If there is no risk of immediate harm go to Action 2

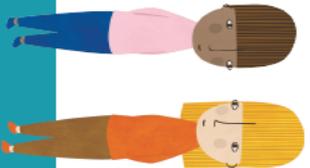

- If a child is at immediate risk of harm you must ensure their safety by:
 - separating alleged victims and others involved
 - administering first aid
 - calling 000 for urgent medical and/or police assistance
- Health or safety concerns
- identifying a contact person at the school for future liaison with Police.

Where necessary you may also need to maintain the integrity of the potential crime scene and preserve evidence.

2 REPORTING TO AUTHORITIES

As soon as immediate health and safety concerns are addressed you must report all incidents, suspicions and disclosures of child abuse as soon as possible. Failure to report physical and sexual child abuse may amount to a criminal offence.

Q: Where does the source of suspected abuse come from?

WITHIN THE SCHOOL

VICTORIA POLICE
You must report all instances of suspected child abuse involving a school staff member, contractor or volunteer to Victoria Police.

You must also report internally to:

- **GOVERNMENT SCHOOLS**
- School Principal and/ or leadership team
- Employees/ Conduct Branch
- DET Security Services Unit

CATHOLIC SCHOOLS

• School Principal and/ or leadership team
• Diocesan education office
• DET Security Services Unit
• School Principal and/ or school chairperson

WITHIN THE FAMILY OR COMMUNITY

DHHS CHILD PROTECTION
You must report to DHHS Child Protection if a child is considered to be:

- in need of protection from child abuse
- at risk of being harmed (or has been harmed) and the harm has had, or is likely to have, a serious impact on the child's safety, stability, or development.

You must also report to:

- School Principal and/ or leadership team
- DET Security Services Unit

CATHOLIC SCHOOLS

You must also report to:

- School Principal and/ or leadership team
- Diocesan education office

INDEPENDENT SCHOOLS

You must also report to:

- School Principal and/ or chairperson

If you believe that a child is not subject to abuse, but you still hold significant concerns for their wellbeing you must still act. This may include making a referral or seeking advice from Child FIRST (in circumstances where the family are open to receiving support), or to DHHS Child Protection or Victoria Police.

YOU MUST TAKE ACTION

- As a school staff member, you play a critical role in protecting children in your care.
- You must act by following the 4 critical actions, as soon as you witness an incident, receive a disclosure or form a reasonable belief that a child has, or is at risk of being abused.
 - You must act if you form a suspicion/reasonable belief, even if you are unsure and have not directly observed child abuse (e.g. if the victim or another person tells you about the abuse).
 - You must use the Reasoning to Suspected Child Abuse template to keep clear and comprehensive notes.

*A reasonable belief is a deliberately low threshold. This enables authorities to investigate and take action.

3 CONTACTING PARENTS/CARERS

Your Principal must consult with DHHS Child Protection or Victoria Police to determine what information can be shared with parents/carers. They may advise:

- not to contact the parent/ carer (e.g. in circumstances where the parents are alleged to have engaged in the abuse, or the child is a mature minor and does not wish for their parent/carer to be contacted)
- to contact the parents/carers and provide agreed information (this must be done as soon as possible, preferably on the same day of the incident, disclosure or suspicion).

4 PROVIDING ONGOING SUPPORT

Your school must provide support for children impacted by abuse. This should include the development of a Student Support Plan in consultation with wellbeing professionals. This is an essential part of your duty of care requirements. Strategies may include development of a safety plan, direct support and referral to wellbeing professionals.

You must follow the **Four Critical Actions** every time you become aware of a further instance or risk of abuse. This includes reporting new information to authorities.

- record your observations
 - follow appropriate protocols
