Wednesday 16th December
Concert rehearsal all day
Warragul Arts Centre

School Concert – 7.00pm
Warragul Arts Centre

Friday December 18th
Last Day – Students dismissed at 1:15pm

Attachments:

Student of the Week

Lucinda: For always being a willing classroom helper.

Lara: For being a helpful and considerate classroom member.

Riley: For being a friendly, helpful and courteous member of the grade.

Haidee: For interacting with others in a confident and helpful manner.

Noah: For the persistence shown with his story writing.

Montana: For her willingness to assist in the classroom.

Eryn: For staying on the task at hand, and for being a positive role model both inside and outside the classroom.

Jordyn: For a positive attitude to learning and participation in discussions.

Kyle: For doing a fantastic job helping prepare our concert props.

Dale: For his fantastic efforts with his Speedy Maths and positive attitude.
Principal’s Report

PFF Graduation
Thank you very much to Sjaan Moore, Emma Mitchell, Leanne Price, Sheree Price and Mel Hall for organising the Grade 6 dinner and Graduation. The evening went really well and was enjoyed by students and parents. The hall looked fantastic and was a real surprise for our Grade 6 students.

Ticket sales
The end of year concert will be held on Wednesday 16th December 2015. The concert will commence at 7pm. Tickets went on sale on Tuesday December 1st. Tickets can be purchased in person at the Warragul Arts Centre, by phone or via the internet. Drouin South Primary students do not need a ticket as they will be in the Fountain Room or on stage.

Internet: www.wgac.com.au Phone: 56242456
Tickets will cost $14 for adults and $9 for concession.

Rehearsal excursion
On Wednesday 16th December the whole school will travel by bus to the Warragul Arts Centre to rehearse for the end of year concert. Please return excursion notes as soon as possible.

Concert
Please deliver your children to the Fountain Room underneath the Warragul Arts Centre between 6.30pm and 6.45pm on Wednesday 16th December. Please ensure they are delivered to the Fountain room where they will report to their classroom teacher to be marked on the roll. No parents will be allowed into the Fountain Room as it gets too congested and is overwhelming for some children.

Early dismissal
The last day of school is traditionally a clean up day. On this day students will be dismissed at 1.15pm. There will be no After School Care on Friday 18th December.

Enrolments
We are very busy planning for the 2016 school year. If your child/ren are not going to be here next year please let the office know so as we can put this into our planning. If you know of any Prep 2016 students that have not enrolled as yet please get them to contact the school as soon as possible for an enrolment form.

Judy Ingamells- Principal
PFF SAUSAGE SIZZLE
PFF will be holding its usual end of term sausage sizzle tomorrow, Friday 11th December.

CRUNCHAS FOR SALE
Crunchas ($1.20) are still for sale.
They are sold in the 5/6B room at 1:40pm each day.

This week at OSHC we had a special Christmas treat. The children had the chance to have their face painted on Monday afternoon. Some of the choices to have painted were Rudolph, spider, fox, butterfly, skull, abstract eye pieces and much more. The children really enjoyed this special activity and were super proud to show their face off to mum and dad when it was time to be picked up. A Big thank-you must go to Casey for your time and creativity!
SPINNING AROUND IN F/1B

As we have been reading the classic ‘Wizard of Oz’ it has become very clear that the children are fascinated with the tornado which carried Dorothy and Toto from Kansas to the land of Oz. In response to this we decided to learn a little more about this fascinating weather phenomenon!

ICT

Children used the ‘Paint’ program on the notebook computers to create their own visualisation of a tornado. Children experimented with brush size, colour and texture.

Tornadoes are strong whirling columns of air that extend from a thunderstorm to the ground.

Tornadoes are sometimes called ‘Twisters’.

In the Southern Hemisphere tornadoes usually rotate in a clockwise direction. In the Northern Hemisphere they usually rotate in a counter clockwise direction!
Tornadoes In A Bottle

Students enjoyed exploring the science of tornadoes by creating their own in bottles. Children learnt to swirl their bottles to create a vortex which resembled a tornado. This vortex allowed the air to come into the bottle and the water therefore flowed faster. We loved looking at the hole in the middle of the vortex allowing the air to come up. Following this action packed activity, children wrote and drew about their observations.

---

Write about what did I do?

1. Put water in a bottle...
2. Put food colour in the bottle...
3. Put glitter in the bottle...
4. Put a wasp on the bottle...
5. Put another bottle on top...
6. Put & clever tape on the bottle...
7. Spin it...

By Alyssa
Last Wednesday, 2nd December, staff, students, parents and special guests were amazed by the performances at the Soiree 2015. Students performed songs they have learnt throughout the year, accompanied by music teacher James Ryan. Congratulations all students who performed on the night!
